Instruction for use of parts catalogue

- **This parts catalogue has been created as of May 20, 2011.**
  - Since this date, the sales practice for repair parts may have been changed or the parts may have been eliminated (listed for those not for sale).
  - The modified information is reflected on the latest Electronic Parts Catalogue (EPC).
    Also, refer to the parts catalogue news for any change.
  - See the parts catalogue news for any revision that is made after May 20, 2011.
- **Always specify the part number when ordering a part.**
  - Check the model, type, serial numbers, color, maker, and the size as needed before ordering a part.
  - Note that the illustrations (part drawings) can differ from the actual parts in shape.
    They are given just to help you to refer to the parts.
- **When modifications or additions to this parts catalogue are made, a revised edition will be issued at an appropriate time, with successively progressing revision numbers on the cover. We recommend obtaining such revisions in order to keep your parts catalogue up-to-date at all times. To check whether a parts catalogue revision has been issued, please contact your Honda distributor.**
