

MAINTENANCE

- The Required Maintenance Schedule specifies how often you should have your scooter served, and what things need attention. It is essential that your scooter be served as scheduled to retain its high level of safety, dependability, and emission control performance.
- These instructions are based on the assumption that the scooter will be used exclusively for its designed purpose. Sustained high speed operation, or operation in unusually wet or dusty conditions, will require more frequent service than specified in the MAINTENANCE SCHEDULE. Consult your Honda dealer for recommendations applicable to your individual needs and use.
