

5. Be sure to keep the throttle closed and the rear brake (5) locked while starting and warming up the engine.
6. Allow the engine to warm up before riding (See "RIDING," page 34).

**⚠ WARNING**

- \* Do not "BLIP" the throttle (open and close rapidly) as the motorcycle will move forward suddenly, causing possible loss of control.
- \* Do not leave the motorcycle unattended while the engine is warming up.

(5) Rear brake lever
